There is more Catarrh in this section of the
country than all other diseases put together, and
until the last few years was supposed to be incur-
able. For a great many years doctors pronounced
it a local disease and prescribed local remedies,
and by constantly failing to cure with local treat-
ment, pronounced it incurable. Science has
proven catarrh to be a constitutional disease and
therefore requires constitutional treatment. Hall's
Catarrh Cure, manufactured by F. J. Cheney &

the market. It is taken internally in doses from
10 drops to a teaspoonful. It acts directly on the

"We installed one of your No. 739 Underfeed
furnaces in our 12-room house about two years ago.
We have found the furnace very satisfactory in-

prefer the Underfeed to any heating device with

RUGGLES CAMPMEETING

Notes of Interest Gathered at These Beautiful Grounds

RUGGLES CAMPGROUNDS, August 24, 1910. Special Correspondence Public Ledger.

At last the District Superintendents have arrived. Rev. J. G. Dover of the Covington and J. M. Ackman of the Ashland Districts arrived this afternoon, and they will have general charge of the meetings from now on. Rev. Jones, who has been running things, has been getting good results. It has kept him pretty busy but he is a big man and can stand a strenuous time as well as any one we know of.

Revs. A. P. Smith of Bellevue and W. H. Morris of Bethel Ridge are today's additions to the preaching force.

Mrs. Len Purnell and Mr. and Mrs. Harry Walsh and daughter of Maysville came out this afternoon to spend a few days with us.

By the aid of several strong ox teams, the traction engine that went through the bridge Saturday was pulled out of the creek today and will, after a few repairs, be ready for business again. The temporary bridge put up has been replaced with a new one that looks strong enough for all sorts of travel.

The services of today: Rev. O. J. Carder of Augusta preached at the morning hour. Brother Carder is a new man among us, having just recently entered the Ministry, after having taught school for some years. His sermon has not been surpassed during this Campmeeting.

At the Bible study service, Mrs. C. C. Degman spoke for some time on her Sunday-school work.

This evening an immense crowd attended the services. Dr. Judger preached another very strong sermon, his theme being, "The Holy Spirit." The evening congregations are being greatly helped and inspired by the soul-

ful singing of solos by the Rev. O. G. Ragan. He will continue to sing during the meetings.

A very pleasant event not on the regular program was the concert given by the "chorus girls" at the close of the afternoon service, in the beautiful grove. The program was immense. In fact, there was but one man on the grounds big enough to handle it—Rev. F. W. Harrop. All campers were invited, and about a hundred assembled to hear the music (?) and other special features. Every number was received with the greatest applause. Some of the applause was punctuated with bouquets of beautiful weeds, others with brick bats, and the limit was reached when Rev. Harrop, chief announcer, announced that a collection would be taken. After they had extracted all the available surplus cash the program was completed, and the audience was having visions of the concert company eating ice cream from the collection, when Rev. Daniel W. Brown—the unmarried—and unliked—announced that the collection would be turned over to the Sunday-school Missionary Fund. My, how that relieved matters! Everyone then hastened to congratulate the girls—and Dan, too. The entertainment was voted an immense success and may be repeated.

It is coming. Sure it's coming, for "Happy" has said so. There is going to be something doing soon if those hungry, howling bounds don't cease disturbing the midnight hours. The most of the howling occurs where the most chicken bones can be found. You can guess where. J. H. R.

A TURKEY TRUST

**Unlawful Combine to Boost the Price
of the Luscious Thanksgiving
Birds**

Lexington Herald.

Is Kentucky to have a Turkey Trust?

From present indications it would seem that
such may be the case. It is not generally
known, but it is time that the largest part of
the turkey business of Kentucky is now in the
hands of Hawkins, Smith, Toohy Company.
This concern recently purchased the C. B.
Gillman plant of Lexington and will operate
this year at Shelbyville, Lawrenceburg, Dan-
ville, Harrodsburg and Springfield. The Presi-
dent of this Company is L. G. Smith of Shelby-
ville. The Directors are A. H. Hawkins and
M. J. Toohy and R. J. Toohy.

This company is incorporated for \$20,000.

Last year 140 cars of dry packed dressed
turkeys were shipped from this district. Most
of these went to Boston and other New Eng-
land points. Comparatively good profits were
realized, but competition was rather keen and
better results would have been obtained if it
was said if there had been a combination in mar-
keting the crop. The custom of pooling is be-
coming popular among smaller growers.

Last year 11 cars were in a pool at Shelby-
ville and these were sold to an outsider. The
dressing that is done by the smaller dealers is
dependent upon good weather, for there are no
refrigerator facilities.

Mason county, is convalescing.

UNDER COVER

The parents of the founding left at Mrs.
John Hall's residence in Forest avenue Wednes-
day morning are doing their best to cover the
matter up and if possible keep their identity
from the public.

Judge Rice won't have it that way, and has
been persistent in his efforts to locate the
parties, which, so far as the mother is con-
cerned, has been successful.

The child, it is alleged, belongs to a fourteen-
year-old girl named Cooper, living in West
Third street, who acknowledges to the birth of
a child, but disclaims ownership of the Forest
avenue cast-off. Judge Rice is determined to
get at the truth of the matter, if thereby he
has to summons Doctors, parents, girl and all
before the Grand Jury. He is not going to
let up.

The little wail is now being cared for at
the County Infirmary until the rightful parents
are driven from cover.

BUFFALO BILL wants his grave marked by a marble buffalo forty feet high. We don't care, BILL; make it eighty.—Pittsburgh Blade.

The Colonel is a hunter of world renown, but his chief claim to distinction lies in the lamentable fact that he is mainly responsible for the war on slaughter of the millions of American bison which helped make the boundless prairie of the West the most picturesque portion of the American continent. Buffalo Bill is as gentlemanly a butcher as ever existed, and a marble buffalo as his grave marker would be in every way appropriate. A red Indian forty feet high might also be *de rigueur* for the sanguine Colonel.

A New York dispatch says it is the financing of the big agricultural yield of 1910 that is causing, among large financial interests, greater concern than the crops themselves. Eastern funds are in a rather strained position, and New York will be called upon to an extent much in excess of recent years to provide money to move the farm products. It is while, therefore, to look the money market in the face at the beginning of the season to be a season of some strain. A calm analysis will show that this strain is unduly magnified and is not likely to reach an acute stage as to become a source of session in general Stock Exchange

Referring to the agitation in Massachusetts for free raw materials and for Free Trade with Canada in natural products, The San Francisco Chronicle pointedly remarks: "Massachusetts and other agitators may as well take notice that there will never be any reciprocity or other arrangement by which stiff Protection is secured for a few favored interests by the sacrifice of others. If there is to be 'reciprocity' of the kind demanded by Massachusetts there will be Free Trade. We will all have Protection or all do without it."

Some laboring men were discussing the high cost of living, and one of them was heard to remark: "Say, do you know what I was doing when CLEVELAND was

Forgot the Other Side of It.

President? I was a sandwich man tramping the streets carrying advertising signs, and I—d glad to get the job at that. Prices were low enough, but the devil of it was to earn enough to keep me and the old lady alive. Now I am getting \$4 a day, and we don't have to go ragged and hungry. Maybe I'd be kicking more if I hadn't seen the other side of it."

Plenty of the kickers of today against Protection have seen the other side of it, but they have forgotten. It is so easy to forget! So easy, too to find fault with the Tariff. Not so easy, however, to undo the mischief that invariably springs from Tariff "reform."

THE MAGNOLIA MILLS IN OPERATION

The Magnolia Mills have started their new flour mill for the season and are grinding 61-pound highest grade milling wheat. The flour is simply fine, and is guaranteed to give excellent satisfaction. The flour from this mill was examined by the State Inspector on his last visit to Maysville and was found to fill every requirement of the "Pure Food Law." This flour merits the consideration of every flour user in Maysville and Mason county and Mr. Carr puts a strong guarantee on his flour. If not found satisfactory in every respect same can be returned without cost to the consumer.

In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga. "I was unconscious for three days, and after that I would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings. I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded to try Cardui."
"Since taking Cardui, I am so much better and can do all my housework."

Take CARDUI

J 41

The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out. Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition.
In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and bye you will arrive at the north pole of perfect health.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.
He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.
